**Subject:** Winter 2017-2018 Indoor Air Sampling - Aerojet Rocketdyne  
**Attachments:** Table 8 - Building VI Decision Matrix\_DRAFT v4.xlsx

Hi Everyone – Although I am still cross checking this table, I know Gilbane is trying to prepare for the sampling effort. So, here is Table 8 as of 10:30am on 2/1/18. We are planning on conducting the Winter 2017-2018 indoor air sampling (all locations that have the week of February 12 with sample days likely February 13 and February 15.

There are a total of 67 locations targeted for Winter 2017-2018. If you filter column T for “Annual in Winter”, “Quarterly”, “HVAC-on”, and “Confirmation Sampling in Winter 2017-2018...”, you will see the targeted locations.

Chris
